

# Turnkey Design & Construction

From concept to completion, certainty at every stage.

Akura delivers complete industrial facilities – from design and approvals through to construction and handover. Since 1976, we've built spaces that improve productivity, support growth and endure for decades.

## What you get with our turnkey solution:

- **One partner, total solution** – Streamlined delivery from start to finish.
- **Faster programs** – Our integrated design, manufacturing and construction cut time without cutting corners.
- **Tailored spaces** – Built to suit your people, your operations and your future.
- **Enduring value** – Facilities that perform and stand the test of time.

Clients trust us to deliver on time and to budget. Our reputation is built on integrity, consistent results and relationships that last.

Choose Akura Design & Construction. Experience industrial property the Akura way.
